SUBMISSIONS@TANGRAMINS.COM.

There are over 300,000 licensed contractors in California. Tangram focuses in the specialty contractor segment, generally operating as a sub-contractor on the job.

"There are no shortage of markets for contractor workers compensation. But I keep coming back to Tangram for the service. I know my underwriter, and she will jump through hoops to get me what I need, when I need it. That kind of commitment is not a commodity."
